Editor Rondeau,

On December 1, 2014, I received your email requesting records under Missouri's Sunshine Law. While the process of identifying potentially responsive records has begun, additional time is required to complete this task. Accordingly, you should expect to hear back about the status of your request by no later than December 18, 2014.

Sincerely,

A handwritten signature in blue ink, appearing to read "Peter Lyskowski".
