Wednesday, 16 March 2011

Federal Grand Jury #2 sitting in Knoxville, Tennessee
c/o Jury Administrator Helen Spears
800 Market Street; Suite 130
Knoxville, Tennessee 37902

To the Foreman and Jurors:

Accept this as a call to action in the exercise of your Great Commission!

Our Founding Fathers commissioned you as the most powerful law enforcement agency known in human history. In your Great Commission the Founders invest in you the Power of Presentment. Your Power of Presentment and Great Commission authority are reduced to writing in this day still as found in our United States Constitution.

We are arrived at a point in our Nation's life where the life of that Nation is threatened to the very the point of death. Dictatorial and tyrannical government oppressions are intolerable. Another unconstitutional, rival and competing government is installed and thriving in the place of our United States Constitution.

Our present system of government is unsound and unconstitutional. Our laws are unstable. Government functionaries appropriate your Great Commissioned using the Power Presentment *against* We the People. We all of us are besieged and betrayed by a terrible affliction. We all of us smell the rotten order in our Country while the judges refuse to sniff their own robes.

Reclaim your appropriated and abused Great Commission. Renew the purpose and design of your Power of Presentment.

Lawlessness begets lawlessness. Your clear and compelling duty is to see to the great work We the People bring to you. Cometh the hour cometh the man!

Born fighting,

Walter Francis Fitzpatrick, III.

United States Navy Retired
Distinguished Military Graduate Class of 1975, United States Naval Academy
