

America... It's Time to Wake Up and Smell the Jihadi

"America has switched sides in the War on Terror under President Obama..."

- Former CIA operations officer Clare Lopez

If a friend asked you to jump in their car to go pick up some Dairy Queen, you might eagerly take them up on it.

If the same friend asked you to jump in their car to go knock over a liquor store, you wouldn't be as eager to go along for the ride.

Right now, every American is being taken for a ride—and if we don't wake up to that fact, we'll be just as responsible as the passenger going on the liquor store heist.

As hard as it may be to believe, America has been deceived on a massive scale by our president, Barack Hussein Obama. His loyalties and political objectives are not what we were sold in 2008 and 2012.

Rather than combating terrorism at home and abroad, President Obama has intentionally built up terrorist groups. In violation of international law, he was instrumental in the fall of governments in Egypt and Libya, which has resulted in the deaths of thousands. In doing so, he also destabilized the entire Middle East. He has compromised America's entire antiterrorist infrastructure, and placed anti-American Islamist operatives in sensitive government positions.

"Suspicious Run Deep in Iraq That C.I.A. and the Islamic State Are United..."

- the *New York Times*

According to the Jordanian government, Middle Eastern and European press organizations, the Obama administration actually *funded and trained members of the terrorist group ISIS*, which now threatens several nations in the Middle East, as well as the American homeland.

Can a leopard ever really change its spots? You can take the boy out of the farm, but you can't take the farm out of the boy. Likewise, you can take the boy out of Indonesia, but you can't take the Sunni-colored glasses off the Muslim-raised boy.

Obama has proven that his loyalties are to radical Islamists, and his objective is to bring down this nation. How did Obama evade the constitutionally-required vetting process that confirmed he was qualified to run for President of the United States?

America, it is time to wake up and smell the real jihadi. We do not have a President – we have a Terrorist-in-Chief – and we *must* remove him before it is too late!
