

to show that % Bryson is lying in his
write-up I have been denied this telling me that
it will just be my word against his. If
they would have done an exam of my rectum it
would have proved everything to be a lie. Officer
Bryson has been known to lie and make up
things in his write-ups. Plus no one came ~~with~~
with officer Bryson when all this happened it
was just me and him and medical could have
proved me right, but they refused to. That would
~~be~~ also be refusing medical treatment. If there
really was a phone that size in my rectum then
there should have been damage to my rectum
and I asked to go to the clinic and they
would not take me to the clinic. That is refusing
any kind of medical treatment. I also signed
a sick call and they told me that it wouldn't
do any good that they do not do exams like
that just because a inmate wants us to. I
have also asked to use the phone to call the
prea hotline and report this and they are
refusing me that right to. So now since
being locked up I have went to protective
custody because I have a problem with a
gang organization and my life is at jeopardy
and this place likes to keep us in the ~~hole~~
hole for a couple of weeks then throw us
out to get stabbed or jumped so I
want to let someone outside like you know
that I have went to ~~protective~~ protective custody
and if after a couple of weeks this place
neglects me and sends me out on the compound
and I am seriously harmed or hurt I have
a witness and if I don't survive or if I
