

UNITED STATES COURT OF APPEALS
FOR THE D.C. CIRCUIT

U.S., ex rel, Robert C. Laity, pro se,
-Appellant

Case # 20-7109

v.

APPELLANT REPLY TO SHOW
CAUSE ORDER PROPOSING
SANCTIONS

Purported Vice-President of the
United States Kamala Devi Harris
-Defendant

February 8, 2021

Sanctions are simply not warranted against the Appellant. There is not a scintilla of frivolity in taking action to ensure that the integrity of our nation's highest offices are protected against foreign intrusion. The U.S. Attorney General has standing yet he abrogated his duty to defend the constitution. I have been pursuing the issue of usurpation for (13) years now, since Obama and Biden usurped the Presidency and Vice-Presidency with Nancy Pelosi's help. There should have been criminal referrals made (13) years ago against this trio. No U.S. Attorney General since my first complaints have addressed this major national security issue. That is criminal non-feasance in office. I did not file this matter lightly. It was not filed with any intention to harass the defendant nor was it filed for any motivation other than protecting the Presidency of the United States and the Vice-Presidency of the United States from usurpation.

The legal arguments presented by the appellant in addition to the arguments made by the attorneys who so diligently prepared the amicus brief regarding

what an article II “Natural Born Citizen” is are **not** “wholly without merit”. Were this case ever heard on its “Merits” the “disposition” of the case would have to be that Harris is not constitutionally entitled to hold her office. The evidence is overwhelming that Kamala Devi Harris is **not** the bona-fide Vice-President of the United States because she does not meet Article II and 12th Amendment criteria that she be a “Natural Born Citizen”. That this court suggested *sua sponte* that my appeal is “frivolous” (that there is no serious purpose or value) in trying to ensure that our highest offices are not breached gives me great cause for concern.
