Typically, Eddie would greet his friends' parents with overdone good manners and often a compliment such as, "That's a lovely dress you're wearing, Mrs. Cleaver." However, when no parents

were around, Eddie was always up to no good—either conniving with his friends or picking on Wally's younger brother Beaver.

7. Without realizing it Molly Ball really did write the true story of how Podhorzer and his shadow stole the election. Without naming the people who actually got their hands dirty. You know, the ones who followed orders and added fake voters to voter rolls, harvested ballots, hid them under tables to count in secret, had 288,000 filled out ballots driven from New York to Pennsylvania, counted the same batch of ballots five times, programmed tabulation machines to bolster Biden's vote count.

10. Many elements of Podhorzer's plan were framed in racial equity language. The hundreds of lawsuits they filed, over 232 federal lawsuits, resulted in established election law, created by legislatures, being ignored in favor of last minute court rulings and changes made by election officials. It was all about stopping "voter suppression" of black and brown people, not about getting rid of election integrity safeguards against fraud. Right. This was done outside of the Constitutionally mandated process. Legislatures dictate election law and procedure for their states. Of course Republicans objected and tried to stop it.

12. Nov 5, 2020 Washington State knows how rife with fraud mail-in balloting can be. **The Saga of Dino Rossi.** *"In 2004, Republican Dino Rossi was declared the winner in a close election against Democrat Christine Gregoire. The vote was so close that an automated recount was triggered. "Missing" ballots were "found."*

Rejected ballots were re-admitted.” It was not until after the third count, a second recount done by hand, that Gregoire, took the lead by a margin of 129 votes.

Sawant *“In 2019's contentious city council election, Marxist incumbent Kshama Sawant was trailing challenger Egan Orion by a large margin— 53.8 to 45.8 percent— on election night. As ballots were counted over the next few days, Sawant made a dramatic comeback to eventually win the election by a wide margin. In 2013, Sawant erased a 7-point election night deficit to win her council race days later.”*

21. Let's talk about January 6th, 2021 & the imitation insurrection by MAGA.

“I’m at the point where I’m ready to put these police in the f**king grave,” he shouted from Black Lives Matter plaza, adding, “I’m at the point where I want to burn the f**king White House down.” “Don’t get on the f**king front line if you’re not going to f**king fight,” he concluded. “Don’t get on this front line if you ain’t gonna take a hit.” This was BLM Antifa agitator John Sullivan on August 30, 2020. He later planned to crash the MAGA Rally and breach the Capital on January 6th.

<https://dailycaller.com/2020/08/30/police-grave-black-lives-matter-call-violence/>

* Sullivan was interviewed by the FBI on January 7th and twice after that. He was charged with rioting, breaching the Capital and assaulting a cop. He bragged about what he was planning and about wearing a Trump hat to “blend in”. His brother called the FBI and told them that he was convinced John had planned the riot and had 23 other BLM Antifa who joined him. John Sullivan posted a flyer in December calling for fellow BLM Antifa rioters to “Kick these fascists out of DC on January 6, 2021, Dump Trump for good.”. He had a journalist, Jade Sacker, with him filming as he breached the Capital and later went on CNN to talk about it and the shooting of Ashli Babbitt.

* In spite of all of this the FBI said on January 8th, a day after interviewing Sullivan, they had no evidence Antifa was involved. On March 3, long after arresting and charging Sullivan, the director of the FBI said **again**, they had no evidence that Antifa was involved. Why do **you** think they are saying this?

Today we will see whether republicans stand strong for the integrity of our elections but whether or not they stand strong for our country.”* President Donald J. Trump, January 6, 2021

* If there was planned violence by Oath Keepers it does not change what BLM Antifa did. Close to a million MAGA people were there, under 200 “rioters” or “trespassers” were arrested and no one in the Capital Building or on the grounds was arrested for firearms. The only gun shot was from a Capital cop who shot an unarmed woman. Four hours of unrest, with some violence, much of it driven by BLM Antifa, compared to 600 to a 1,000 hours and 8 months of BLM Antifa rioting. (See BLM Antifa riot history citation 20)

* **BLM and Antifa the Siamese Twins of Domestic Terror.** BLM can do violent riots on their own very well. Look at their history over the last seven years. But they

have never rioted, on an almost daily basis, for five months. To sustain that level of violence, during the months leading up to the election, they needed Antifa. They rioted side by side. Antifa was not crashing their party. They were working together. Sure there was some infighting, as with any group. But they are still rioting today.

27. January 26, 2021

D.C. Department of Adult Abuse
500 K Street, NE
Washington, DC
20002

I am writing to express my concern about a case of suspected elder abuse going on right in front of our nation's eyes. I am speaking about Delaware resident Joe Biden who now resides in the District of Columbia.

For many months now I have watched Joe Biden, who is 77 years old, exhibiting obvious symptoms of dementia. It looks very familiar to me. I had a dear friend who displayed similar signs to Biden. Inability to form coherent sentences, losing his train of thought, confused. This friend was being financially exploited and emotionally abused by a man who was renting a room in his home. Family and friends had to take action to protect him.

I keep wondering, who is protecting Joe Biden? In spite of my political preference it was sad to watch him try and navigate on the campaign trail, which was mostly from his basement where he could be controlled and managed. I have seen someone with

dementia being controlled before, by cajoling, bullying and emotional badgering and I strongly suspect that is going on here. I believe Joe Biden is being exploited for political purposes and was put forth as a presidential candidate in spite of his obvious mental frailties. A lot of pressure is being put on him to perform and he is clearly struggling. I also believe someone may be drugging him to enhance his energy level with no concern for his health.

Now that he has been installed in the White House his clear dementia, and the abuse he is suffering by those controlling him, not only harms him but also puts the security of our country in grave danger. I think if Joe Biden's name was Joe Smith someone would acknowledge what is going on here and protect him. I am asking you to do that.

Sincerely, An American citizen
