

Dear Representative Keith P. Sommer,

Hello.

I am communicating with you the great need to help restore law and order.

Due to the communist tryanny of the governor J. B. Pritzker, Illinois people have suffered, languished and died. People are being socially isolated, businesses are being shut down and Americans who fear God are not allowed to return to normal. People are not allowed to assemble peacefully at home or in a church building, which is the law of the land.

I recognize the Illinois General Assembly has passed law to give a governor 30 day emergency declaration power. That power granted to that office was "void ab initio" as of 8 April, 2020 A.D., rightly and justly so. The Legislature never was called into session to take up the matter.

Also the Illinois Assembly voted in May 2020 A.D. on whether to require Representative Darren Bailey and others to put on a mask of death in order to speak on the floor of the Illinois House. You had the courage which showed with your honorable vote to not force Representative Bailey to wear a veil to impair his breathing and immunity. We know the Assembly's vote of persecution to force a person to wear something that violates God's law, God's laws of nature, and man's laws under a holy God was accomplished.

This letter is sent to follow up with a recent phone call I made to the Illinois State Representative office. I spoke with a friendly woman named Shelby. She told me she would relay my message and concern to you, and to reach out to the office anytime in the future for help.

I called to share that I was being forbidden to see my personal physician of nearly 30 years. I went into the doctor's office (OSF Gastroenterology Dr. Michael D. Cashman) on 10 September, 2020 A.D. I left crying and brokenhearted as I was told I could not see my doctor, and go past the receptionist desk that I was before without a mask of death. As a result of the unlawful, ungodly policy of mask mandates I left kicked in the gut and teeth, and to the curb.

Your help is greatly needed. A letter to Dr. Cashman to help him and others there realize the truth. Please know I wrote a letter to my doctor on 14 September, 2020 A.D. I called the office 30 September, 2020 A.D. and spoke with one of the nurses, and as you may recall I am a nurse and have been for nearly 20 years, so I know better, and am constrained to tell the truth. Jesus went to the sick and they came to him and he did not cast them away. His believers also healed lepers and many other poor and needy blind, lame, deaf, dumb and raised the dead.

Adolf Hitler the NAZI murdering tyrant had a goal to take down the economy and healthcare, and then he would have control of the people and the state. It is incumbent upon certain men to stand up for the heritage and posterity of this Constitutional Republic. This tyranny is spreading faster than the so called pandemic.

Will you help thy fellow man in this great hour in which we find ourselves? I am not unclean as a leper that needs to be quarantened for 14 days. I am not a spreader of pestilence, plagues and death, nor do I lack consideration for my fellow man created in the image of God. Lying devils are deceiving multitudes into wearing "the mask".

I know firsthand as a nurse the correct way to use a mask. A firefighter and scuba diver are trained on how to wear and use face masks and if it good counsel not heeded, serious injury and death are real outcomes.

I am seeking your helping hand and heart to draft a letter on the behalf of the people in this matter. I will contact Representative Bailey for his help as well.

You and Dr. Michael D. Cashman can do an immeasurable service and help, and be a blessing to the people who have real needs. As I go so go others, as I know this is not about me. God put me here at this time to stand with him for the people and his truth. I follow the LORD God and not wicked edicts and dictates of ungodly men that deny God their Creator, evidenced by their poison fruit.

It is first about the LORD God then my fellow man. There is no lawful nor righteous reason to keep me or others from seeing the physician, go to the bank, to the store or a church house and looking one another face to face, as a man heart to heart. It is called the way of life, constitutional and normal.

Thank you for your time and attention to this pressing matter.

I can share with you the written communication I sent to the doctor for your knowledge. I have a Humana disability policy that has provided a source of income for me these past 10 years since my health and life was placed on much different path. Thankfully the Lord blessed me in that I was able to purchase the policy when I worked at OSF St. Francis Medical Center for such a possibility I may be faced with a real life altering health event.

I need to see the doctor face to face in order to have my disability paperwork completed by the date of 19 October, 2020 A.D. set by Humana which they need to receive from my doctor or my disability insurance will be cut off. I've been cut off from seeing my health care provider, which save God, will cause irreparable damage to my fellow man and this petitioner.

This is the effect of this lethal-lawless-prison-lockdown-lunacy. Where are the bowels of

compassion and real care for one another? Is it clean gone for ever? God forbid

America bless God again,

Michael D. Jackson R.N.

Michael D. Jackson 1 October, 2020 A.D.

“Am I therefore become your enemy, because I tell you the truth”? Galatians 4:16 KJB

Stand strong, be a truth teller, and watch the Lord bless exceedingly abundantly.

Historic Ruling Today Thanks To Representative Darren Bailey - Governor Pritzker's Executive Orders After April 8, 2020 Void Ab Initio

<https://edgarcountywatchdogs.com/2020/07/historic-ruling-today-thanks-to-representative-darren-bailey-governor-pritzkers-executive-orders-after-april-8-2020-void-ab-initio/>

BY Kirk Allen

ON July 2, 2020

Clay County, IL (ECWd) -

Current Illinois law provides that the Governor has broad powers during the first thirty (30) days of a disaster and the Illinois Department of Public Health and local county health departments have supreme authority as it relates to a pandemic. However, our Governor issued Executive Order after Executive Order well beyond the authorized 30-day time frame.

State Representative Bailey recognized early on that the Governor was violating the intent of the law. Shortly after that Representative Bailey moved forward with his suit against the Governor.

The Governor and the General Assembly have had sufficient time to address the constitutional problems in the Illinois Emergency Management Agency Act. Here is the rub.

The General Assembly met, but did not correct or fix the statute. A do-nothing General Assembly if there ever was one.

Instead, the Governor and Illinois Attorney General moved to transfer the Bailey case which challenged Illinois' multiple Executive Orders from state court to the federal court system. Representative Bailey called this blatant forum shopping.

Then the federal court judge sat on the case as long as he could, again giving the General Assembly and Governor more time to fix the statute.

Again, the General Assembly did nothing to fix the statute. Double Gobsnacked.

The USDOJ (yes that Bill Barr) then intervened in the federal court case, and argued that the federal court judge should immediately return the Bailey v. Pritzker dispute to state court. USDOJ agreed that our state Attorney General engaged in forum shopping. The federal judge then remanded the case back to state court without even addressing the USDOJ filing.

Today the state court judge issued his ruling and criticized the Governor for his repeated executive orders to address the pandemic when the law only gives the Governor powers for the first 30 days of a pandemic. See attached order right off the judge's bench. Paragraph 6 applies the ruling to *all citizens of the State of Illinois*.

Following the hearing, the Illinois AG told the news that the Governor and Attorney General intend to appeal to the Illinois Appellate Court, and then the Illinois Supreme Court. However, this will require the courts to engage in judicial activism/Alice in wonderland legal analysis to somehow justify the ultra vires Executive Orders issued by our Governor, and worse, reverse today's well reasoned judicial ruling.

This could all be avoided if the General Assembly would just meet and fix the law.... just like other states have done.

There you have it....Happy Fourth.

Below is a copy of the Interview we had with Representative Bailey and his attorney Tom DeVore after the hearing as well as footage of the CNN interview that did not appear to go to well for CNN.

https://www.youtube.com/watch?v=8igSd1_YE38&feature=emb_logo

A copy of the Order can be downloaded at [this link](#) or viewed below.

IN THE CIRCUIT COURT
FOR THE FOURTH JUDICIAL CIRCUIT
CLAY COUNTY, ILLINOIS

FILED

JUL 02 2020

Cynthia Bassard
CIRCUIT CLERK OF THE
FOURTH JUDICIAL CIRCUIT
CLAY COUNTY ILLINOIS

Darren Bailey,

Plaintiff,

vs.

Governor Jay Robert Pritzker,
in his official capacity.

Defendant.

Case No. 2020-CH-06

ORDER

THIS CAUSE COMING TO BE HEARD for hearing on the Plaintiff's Motion

for Summary Judgment on Counts I, II and III of Plaintiff's Amended Complaint, the

Court having considered the pleadings, arguments of counsel, and having been otherwise

apprised of matters with the record on Summary Judgment supplanted as ordered by the

Court in the 7/2/20 record of proceedings.

IT IS HEREBY ORDERED:

- 1) Defendant's request to make an oral motion for summary judgment is considered and the request denied without prejudice to file a written motion for summary judgment.
- 2) Plaintiff's motion for summary judgment as to Count I is denied.
- 3) Plaintiff's motion for summary judgment as to Count II is granted as follows:
 - a) The Court declares Defendant issued Proclamation #2, as defined in the amended complaint, and Proclamation #3, as defined in the amended

TWO FACED: CDC, SURGEON GENERAL, WHO

- During his testimony before the House Foreign Affairs Committee in February 2020 A.D., when asked if healthy people should wear masks, Center Disease Control (CDC) Director, **Robert Redfield** answered “no”.
- “We need to make sure that N95 masks are available for doctors and nurses that are going to be taking care of individuals that have this illness. And it does displease me to find out people going out ... There is no role for these masks in the community,” he said.
- In early March 2020 A.D., United States Surgeon General, **Jerome Adams** demanded that Americans stop buying masks. “Seriously people—STOP BUYING MASKS! Tweeted Adams, an anesthesiologist who has served as Surgeon General since 2017 A.D.”
- Adams said masks are “NOT effective in preventing [the] general public from catching #Coronavirus, but if healthcare providers can’t get them to care for the sick patients, it puts them and our communities at risk!”
- On 6 April, 2020 A.D., the World Health Organization (WHO) released new guidelines saying, that healthy people don’t need to wear face masks to prevent coronavirus spread.
- Mask should be for the sick, their caretakers, and healthcare workers, the WHO guidance said.
- Scientists and public health organizations can’t agree on the best face-mask protocol, and the WHO guidelines go against the CDC’s face-masks recommendations.

AND FAUCI!

- “There’s no reason to be walking around with a mask,” infections disease expert Dr. **Tony Fauci** told 60 Minutes on 8 March, 2020 A.D.
- “When it comes to preventing coronavirus, public health officials have been clear: Healthy people do not need to wear a face mask to protect themselves from COVID-19,” CBS News reported 8 March, 2020 A.D., citing Fauci.

Occupational Safety and Health Administration's (OSHA's) Directorate of Enforcement Programs regarding the Respiratory Protection Standard, 29 CFR 1910.134.

Violation of God's law: Genesis 1 KJB Matthew 5 KJB

God's law of Nature:

↓ Immunity
↓ O₂
↑ CO₂
Death

Man's law under God:

1st Amendment
5th
14th

Repent

Fear

God

Isaiah 25:7

II Cor. 3:16

KJB

Paragraph (d)(2)(iii) of the Respiratory Protection Standard considers any atmosphere with an oxygen level below 19.5 percent to be oxygen-deficient and immediately dangerous to life or health. To ensure that employees have a reliable source of air with an oxygen content of at least 19.5 percent, paragraphs (d)(2)(i)(A) and (d)(2)(i)(B) of the Respiratory Protection Standard require employers working under oxygen-deficient conditions to provide their employees with a self-contained breathing apparatus or a combination full-facepiece pressure-demand supplied-air respirator with auxiliary self-contained air supply. In the preamble to the final Respiratory Protection Standard, OSHA discussed extensively its rationale for requiring that employees breathe air consisting of at least 19.5 percent oxygen. The following excerpt, taken from the preamble, explains the basis for this requirement:

Human beings must breathe oxygen . . . to survive, and begin to suffer adverse health effects when the oxygen level of their breathing air drops below [19.5 percent oxygen]. Below 19.5 percent oxygen . . . , air is considered oxygen-deficient. At concentrations of 16 to 19.5 percent, workers engaged in any form of exertion can rapidly become symptomatic as their tissues fail to obtain the oxygen necessary to function properly (Rom, W., Environmental and Occupational Medicine, 2nd ed.; Little, Brown; Boston, 1992). Increased breathing rates, accelerated heartbeat, and impaired thinking or coordination occur more quickly in an oxygen-deficient environment. Even a momentary loss of coordination may be devastating to a worker if it occurs while the worker is performing a potentially dangerous activity, such as climbing a ladder. Concentrations of 12 to 16 percent oxygen cause tachypnea (increased breathing rates), tachycardia (accelerated heartbeat), and impaired attention, thinking, and coordination (e.g., Ex. 25-4), even in people who are resting.

At oxygen levels of 10 to 14 percent, faulty judgment, intermittent respiration, and exhaustion can be expected even with minimal exertion (Exs. 25-4 and 150). Breathing air containing 6 to 10 percent oxygen results in nausea, vomiting, lethargic movements, and perhaps unconsciousness. Breathing air containing less than 6 percent oxygen produces convulsions, then apnea (cessation of breathing), followed by cardiac standstill. These symptoms occur immediately. Even if a worker survives the hypoxic insult, organs may show evidence of hypoxic damage, which may be irreversible (Exs. 25-4 and 150; also reported in Rom, W. [see reference in previous paragraph]).

(Federal Register, Vol. 63, p. 1159.) The rulemaking record for the Respiratory Protection Standard clearly justifies adopting the requirement that air breathed by employees must have an oxygen content of at least 19.5 percent. A lesser concentration of oxygen in employees' breathing air could endanger them physiologically and diminish their ability to cope with other hazards that may be present in the workplace. The rulemaking record also demonstrates that any workplace atmosphere controlled at or near your recommended minimal oxygen level of 100 mm of mercury at sea level (equivalent to about 13 percent oxygen at sea level) is not safe and healthful for all employees. Exposing employees to partial pressures of oxygen that approach 100 mm of mercury at sea level leaves them with no margin of safety from potentially debilitating effects, which could appear suddenly and without warning.

Masks res in:
↓ Immunity
↓ O₂ Hypoxi
↑ CO₂ Hypocap

Wearing a face mask poses a serious health risk to me.

Under the **Health Insurance Portability Protection Act (HIPPA)**, I am not required to disclose my medical condition to you.

I am exempt from any local or state regulation mandating facemask usage in public.

The **American Disabilities Act (ADA)** provides that businesses and organizations can be fined up to \$75,000 for the first violation and \$150,000 for any subsequent violation.

Please provide the necessary consideration to aid the bearer in the unimpeded exercise of their lawful and constitutional rights.

Most importantly I am a born again Christian, and to wear a face make would cover my face the image of God we as mankind are created in, and his light is to shine through me before men (**Genesis 1 KJB; Matthew 5 KJB**). That's God's eternal law.

Man's law in America is the United States Constitution, and it is affirmed that I as an American citizen have the right to exercise my religion freely, and it is my sacred honor and duty to stand and defend as others more honorable than I who have defended the most precious of God's gifts.

And the laws of God's nature tell me to wear a face covering can cause me grave illness such as decreasing my immune system strength, hypoxia and hypercapnia.

Policy Holder: Osf Healthcare System, Saint Francis, Inc.
Claimant: Michael D. Jackson
Insured ID: ██████████
Policy Number: ██████████

Dear Mr. Jackson:

This letter is about your claim for Long Term Disability (LTD) benefits. We need new information about your disability for our claim records.

Please have your treating physician(s) complete and return the following:

- Attending Physician Statement

We also need to know about any other income benefits that you receive now or in the future.

We requested this information on 08/19/2020 and we have not received a response to date. This is our second request for the information.

This information is required to continue processing your claim for benefits. This will be our last request for the information needed to decide your Long Term Disability (LTD) claim. Your claim decision will be based on information presently in your file if more information is not received. This may result in termination of your claim.

This is our final request for this information. This information is required to continue processing your claim for benefits. If we do not receive the above requested information in 30 days, or by 10/24/2020, your claim will not be paid beyond that date and your benefits may be terminated for failure to provide proof of continuing disability.

Please return all information by mail, email, or fax. This will avoid delays in the processing of your claim for benefits.

Return options are:

- Email to claimsubmission@groupclaims.com (please include your Claim Event ID 8120451 in the subject line)
- Fax to 855-864-0530
- Mail to P.O. Box 14294, Lexington, KY 40512-4294

Dear Dr. Cashman,

Hello.

I pray you are well.

I am sorry that we have not been able to see one another face to face.

Yes, I have been sorrowed with tears, (10 September, 2020 A.D.) because of being kicked out the door of OSF Gastroenterology. It was heart breaking. I did not foresee this happening, but thought it was possible in this crazy hour in which we find ourselves.

I received dated 2 September, 2020 A.D. a courtesy letter sharing in part, "We realize unforeseen events occur which may prohibit you from keeping your appointment." This was sent for the original missed appointment for September 1st, but I thought the wording was appropriate to use for the latest appointment for the 10th wherein I was forbidden from seeing one of my closest caregivers.

You are considered a friend in my heart. Some of my greater days and times of proving you were a part of, and for certain these last ten years.

It has not been forgotten you have had a proving year with your faithful friend and wife's departure into eternal rest. Knowing this I was more desirous of seeing you than any other time, the Lord knoweth.

Please know I left with the front desk, (Pamela) my Humana disability papers. I kindly asked her if she would mind giving them to you.

Being a good nurse, and I pray before the Lord an everlasting lasting testimony and witness as a follower of the way, a born again Christian, (3 April, 1995 A.D.) and in so being that I am diligent to follow up and follow through with all things in order to get the job done right for God's glory.

It is needful to see you man to man, friend to friend, and caregiver to caregiver, face to face as soon as heavenly possible.

I am unable to wear a face mask; this covering of death is an attempted cover up of the truth by the high powers that war against God, and man's heart, soul and mind. Those downstream on the proverbial food chain are the ones suffering greatest due to certain power drunk puppet masters and their underlings like the governors and mayors, which are gods in their own reprobate minds.

The wearing of a face mask seriously compromises my immunity, something by the grace of God I cannot afford or allow to happen. I am confident you recognize the large intestine is vital to immune support even as getting optimal sunlight to an exposed face for vitamin D3 absorption by the largest human organ, our skin.

Real existence of hypercapnia and hypoxia take place and The Occupational Health and Safety Administration (OHSA) has lawful requirements for safe working environments, and 19.5% Oxygen is that established safe and healthy level.¹

Please find a hard copy excerpt from OHSA's Respiratory Protection Standard 29 CFR 1910.134 with a few side notes you shall see that I penned down.

I also recognize the American Disability Act (ADA) is being violated by these lawless unhealthy mandates or policies, and am not required to disclose to anybody my personal health matters per the Health Insurance Portability and Accountability Act (HIPPA).

The Lord has made me accountable and responsible for certain matters of importance beyond any soul's control, (never would I have imagined).

I recall a fiery trial I was in the midst of in 2010 A.D. Multiple physicians and a nurse practitioner with tears came into see me one after the other as I was being cared for in the Forest Park Building on a certain day in July. They shared the same message, that I was standing at death's door, (but God was standing with me then and alway) and I am very much alive to testify of God's goodness and mercy towards mankind, and this poor and needy soul.

If I would have been nigh unto death like that in today's world where "hell hath enlarged herself"² upon earth, I would have died. During J.B. "Jackboot" Pritzker's lethal-lawless-prison-lockdown-lunacy, people have been socially and spiritually isolated. (by the ungodly social distancing) in nursing homes and hospitals with no friends and family to come and pay a compassionate visit for their good. This has been shown to be a death sentence, and members of the United States Congress have called for an investigation.³

Yes, I have ongoing daily personal physical challenges and testings that only the Lord and I know about, and I am thankful I am alive to declare how good God has been to me in the midst of what I endure during certain night watches and into the early hours of the day. God will always remain faithful, and may I be found as such before him.

Please find an enclosed copy of the letter from Humana that gives instructions and the time period to fill out their required paperwork.

I will also leave for your gained knowledge and edification, (besides the few thoughts I have inked heretofore) referenced materials to show the fight to get the truth out is real. Knowledge of the truth is confidence, and a man can stand strong in such during the hardest of times.

⁴ <https://republicans-energycommerce.house.gov/news/walden-grassley-request-investigation-into-covid-19-nursing-home-deaths/>

Enclosed will be the Illinois historic ruling⁵ from 2 July, 2020 A.D. that lawfully stopped the governor from continuing to issue his edicts well beyond the 30 day legislative time lawfully allowed. He continues to defy because he is power drunk, and he is not the only god in his mind, that is out of his mind.

You shall find a one page hard copy of where to read about the truth regarding Hydroxychloroquine, (HCQ) and how www.americasfrontlinedoctors.com called out the “lauded” Dr. Tony Fauci, and the other lies fomented by the Mockingbird⁶ communist media who deep six the truth because that’s their job. It was dubbed the “White Coat Summit” and it was blacklisted.

There were repercussions for their courage, and they are far from the only examples. The big tech companies like Twitter, Facebook, Google and Youtube censored, banned, and blackballed the doctors, and the press conference. Dr. Simone Gold was fired from her job for daring to stand up and tell the truth that HCQ, Azithromycin and Zinc can overcome the China virus. Dr. Stella Immanuel declares a person who was in their nineties was cured, and the thirty people she treated up to that time have recovered and healed.

I also was given the time and sound mind by God to look up the local death numbers on the China virus. People of America and the world were told the death rate⁷ was going to be 3.4%. Then the prediction was 2.5 %, and 2.0% was the next propaganda number pushed.

The Tazewell County death percentage based on the estimated 130,202 populace and reported 8 deaths as of 12 August, 2020 A.D. was **.000061443%**. (emphasis mine).

You may recall “The Brady Bunch” back in the day, and how they got it right regarding real herd immunity, (before political correctness became a household term) by having a measles party. I recall such things as chicken pox parties.

I have been allowed by many establishments, (still open and not destroyed by evil hell bent devilish people) to patron and enter in and out mask free and face fully exposed unashamed. A partial list of these public places of business are: Tazewell County Sheriff, Morton Police, Illinois State Representative, United States Post Office and a handful of other local businesses that did not prohibit me from assembling myself peacefully without wearing a Jackboot Pritzker, and Dr. Fauci mask.⁸

⁵ <https://edgarcountywatchdogs.com/2020/07/historic-ruling-today-thanks-to-representative-darren-bailey-governor-pritzkers-executive-orders-after-april-8-2020-void-ab-initio/>
