

Dear Congressman Fallick,

Greetings in the Lord Jesus. May you be well.

Thank you for voting against raising America's financial debt.

I received your recent e-mail in response to the e-mail I sent you which is copied on reverse side.

May the Lord grant you the strength and conviction of heart to do his holy will and stand up and speak against all the other lies such as the wicked war in Ukraine we should not be a part of, the lies about the so-called covid ruff, our borders are being invaded and all is courtesy of the Barack Hussein Obama and his unrepentant puppet Joseph Biden.

Enclosed is "American Gulag Chronicles." Men and women are being tortured! The NDAA of 2012 HR 1540, Sections 1021 and 1022 that Obama signed calls for "indefinite detention" of Americans (innocent before guilt) and labeling them domestic terrorists falsely. Obama is a foreign born domestic terrorist and Biden a domestic terrorist and foreign agent in our White House!

Thank you.

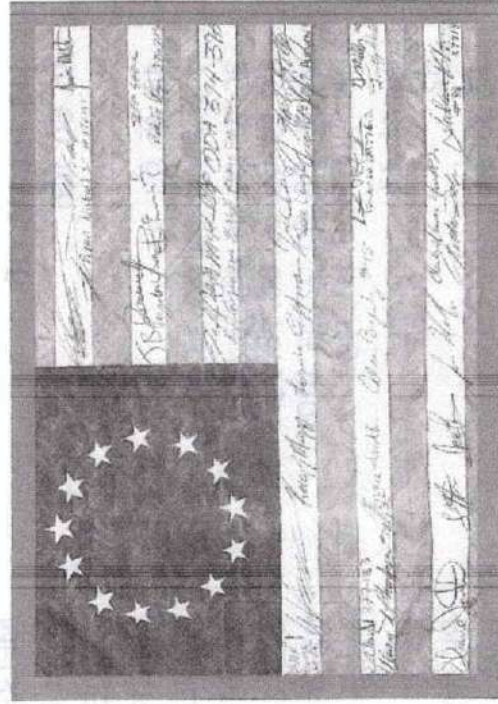

In the fear of the Lord,

Michael D. Jackson
