Over fifteen years ago, during the 2008 Federal Elections I formally notified the NYS BOE that they were misstating the criteria for being elected as President of the United States. The site cited being "Born a Citizen" as one of the criteria for becoming President. The actual criteria is that one be a "Natural Born Citizen". As of TODAY, the BOE CONTINUES to misrepresent the US Constitutional mandatory requirement that a President and VP be a "Natural Born Citizen" by having substituted that criteria with "Born a Citizen". The two terms of art are NOT Tantamount. A natural born citizen IS "One born in the United States to parents who are both US Citizens themselves"- Minor v. Happersett, USSCt. (Unanimous, 9-0) (1874). The term of art "Born a Citizen" can and does include people merely born on US Soil without regard to the citizenship of the parents. THIS ILLEGALLY STATED MISREPRESENTATION by the NY State Board of Elections CONTINUES TO THIS DAY. See: "Follow-up to NYSBOE Misstatement of Presidential eligibility": <https://www.thepostemail.com/2023/12/12/follow-up-to-nysboe-misstatement-of-presidential-eligibility/> THIS INFORMATION IS BEING SIMULTANEOUSLY PROVIDED TO THE ATTORNEY GENERAL OF NY STATE AND THE DISTRICT ATTORNEY OF ALBANY AND ERIE COUNTIES, NY, ET AL.
